Department of Medical Biology
Topic list (2021 /2022):

Supervisor	Topic
Zsolt Boldogkői MSc, PhD, DSc and Dora Tombacz MSc, PhD, habil	Analysis of Transcriptional Interference Networks of a Herpesvirus
Zsolt Boldogkői MSc, PhD, DSc and Dora Tombacz MSc, PhD, habil	Microbiome analysis using next- and third generation sequencing techniques
Zsolt Boldogkői MSc, PhD, DSc and Dora Tombacz MSc, PhD, habil	Multiplatform analysis of herpesvirus gene expression
Zsolt Boldogkői MSc, PhD, DSc and Dora Tombacz MSc, PhD, habil	Using OMICS approach for the analysis of viral gene expression
