STUDENT BOARD
SPECIAL EDITION

Let's meet the Student Board!

USZ - EUGLOH Student Board

You must have heard a lot about our very special local USZ Student Board of the EUGLOH alliance.

As rumours have it, they are wonderful individuals that developed an SB structure from scratch. They deserve everything for what they have accomplished, that is why we are devoting this newsletter to them! 🥰

Our **internal** EUGLOH **newsletters** arrive biweekly, this time featuring the Student Board. 📅

A Smooth Transition

There have been changes in the Student Board, as the previous President, Máté Szepesi stepped down and Florabelle Cabarrubias took the lead during the summer months.

As part of the succession process, please read the farewell from our former SB President, Máté Szepesi. 📌

Dear SZTE EUGLOH community,

As my term as President of the Local Student Board comes to an end, I wanted to take a moment to express my heartfelt gratitude and bid a fond farewell to all of you who have been an integral part of this remarkable journey. Over the past year, it has been an incredible honor and privilege to serve and lead our vibrant and dynamic student community.

Reflecting on the past year, I am humbled by the countless moments of growth, collaboration, and progress that we have achieved together. From taking part in various university events to advocating for the needs and concerns of our fellow students in the Alliance.

Our achievements would not have been possible without the support and dedication of each and every one of you. I would specifically like to express my gratitude to Dr. Lilla Kocsis and Mónika Gortva-Kónya for their continuous support throughout my term. I would not have come close to these results without them.

As I step down from my role as President, I am confident that the incoming board members will continue to build upon the foundation we have established. I encourage you all to extend to them the same warmth, enthusiasm, and cooperation that you have extended to me. Together, you will undoubtedly accomplish even greater things and bring our community to new heights.

While my term as President may be coming to an end, my support and passion for our community will never waver. I am excited to witness the continued growth and success of the Local Student Board from afar.

With sincere gratitude and warm wishes,

Máté Szepesi

Former President of the Local Student Board

The University of Szeged team is proud to have had a Student Board President we could always rely on. Taking the initiative to form something unique that is internationally acknowledged took a lot of courage, time and excellence.

Therefore, we would hereby like to thank Máté for all the achievements he and his team had accomplished! Congratulations! ❤️ Once a EUGLOH SB member, always a EUGLOH SB member! 😎

New EUGLOH USZ Student Board President

Who is the next SB Leader in Szeged? 🤔

Let's meet Florabelle Cabarrubias! 😊

As the incoming President of the USZ EUGLOH Student Board, please read the welcome address from Florabelle!

Passing the Torch:

Welcoming the New President of the Local Student Board

Greetings!

I am Florabelle and it is truly an honor to introduce myself as the newly elected President of the EUGLOH Student Board here at our university. I am excited to fulfill a role through a platform that has the same advocacy as me – global health. Leadership is service – this is what I always remind myself of whenever I take on a leadership role. I am well aware of the commitment and responsibilities tied to this position, but I am very much willing to serve an organization that aligns so seamlessly with my values.

My foremost objective is to foster an environment that introduces EUGLOH to the student community – not just as a vessel of learning opportunities but also as a platform for personal growth and holistic development. In the pursuit of this goal, I am committed to working closely with the EUGLOH team of our university to bring the best to the student body. With an unwavering belief in the power of student leadership and a strong commitment to synergize with our university's EUGLOH team, I am confident that we can achieve remarkable results.

I am excited about the journey ahead and the collective impact we can create through our combined little ways. Thank you for your time and support.

Warm regards,
Florabelle

The University of Szeged team is happy to have you Florabelle on board as a newly elected SB President!

We would hereby like to congratulate you on the new role and offer any help from the USZ EUGLOH team's side!

Congratulations! ❤️ Wishing you great successes with your SB team for the academic year of 2023-2024!

EUGLOH USZ Student Board - Presidential Board

Besides Florabelle, the main board is composed of 4 students. Let's meet them now! 😊

Florabelle Ruano Cabarrubias - Student Board President

I'm Florabelle Ruano Cabarrubias, and I am honoured to introduce myself as the newly elected EUGLOH USZ Student Board President. I am from the Philippines, and it has been nothing short of an adventure that led me across continents to pursue my PhD in Biology here at USZ. Even back in the Philippines, I already held a strong sense of belonging to the community, and the importance of global health has always had a special place in my heart. For me, EUGLOH isn't just an organisation; it's a personal calling, a platform where I can wholeheartedly champion these values that mean so much to me.

This summer has been an incredibly meaningful experience for me. The chance to step into the role of leading the student board was not a decision I took lightly. It wasn't a matter of hesitation, but rather a deep reflection, driven by my desire to ensure that I could wholeheartedly dedicate myself to the responsibilities that await. Here I am now – navigating every step of this journey alongside my amazing colleagues.

To kick things off, my top priority is getting to know the people around me on a personal level. I started with those one-on-one meetings and maintained consistent, open communication with our student board vice presidents. I always say that one of the absolute key ingredients to leadership is creating a space that feels like home, cosy and safe – keeping that warm and welcoming vibe alive.

Now, we are in the process of recruiting new student board members and I am really excited to work with them. Let me share with you the visions I hold close to my heart. It's all about empowerment through leadership, forging strong bonds through collaboration, and igniting #EUGLOHUSZerves, a movement to encourage service not just to the student community but also to co-create with the administrative task force while enriching our involvement in the international representation of the USZ student board.

These aren't just visions, it's like a fiery call to action. I have so much more to say but I will reserve the details for next time. For now, I'm stoked to share this journey with you! 🚀🌟

EUGLOH USZ Student Board - Presidential Board

Besides Florabelle, the main board is composed of 4 students. Let's meet them now! 😊

Kristof Kupecz - Student Engagement Vice President

I am Kristof Kupecz, the newly elected Student Engagement Vice President of the Student Board. I am pleased to introduce myself in our newsletter. I am a second year bachelor student at the Faculty of Economics and Business Administration. I am one of the board members who were in every single position in our Board. I joined EUGLOH last September as a social media intern as I saw an international opportunity right in the beginning of my university era. I took it as I always wanted to study, moreover, live abroad and EUGLOH offered me exactly these opportunities. Since then I am promoting our Alliance as not so many students know about us, furthermore, about this unique opportunity of our University. In my current position, I am responsible for presidential board tasks including organising events and overseeing our representations as well as organising team buildings.

Last summer, I had the opportunity to attend the Annual Summit of our Alliance which was held in Lund, Sweden. This was the biggest event of the year that gathered staff and students from all nine EUGLOH partner universities for three days. We worked on ongoing projects besides we had the opportunity to listen to professional presentations. We had a great time with the students from the partner universities together and from now I can call them my friends.

Right now, we are entering the last period of our recruitment session. Thus, we have a lot of work within the Board as we have received so many great applications, hence, I can not wait to hear the interviews. Personally, I would love to involve as many students in the everyday of the Board as possible.

I look forward to meeting you all in person in our next event!

EUGLOH USZ Student Board - Presidential Board

Besides Florabelle, the main board is composed of 4 students. Let's meet them now! 😊

Divyanshi - Vice President of External Relations

Hey there, I am Divyanshi, acting Vice President of External Relations in EUGLOH. It is an honour to share a glimpse of my journey and aspirations with the SZTE Family! Hailing from the culturally diverse and academically vibrant nation of India, it has been a bumpy road which eventually led me here to pursue my major in General Medicine.

In an age where global collaboration and cross-cultural understanding are paramount, I want to exemplify the spirit of international unity. EUGLOH has been an ideal platform for me with a vision deeply rooted in fostering global health, academic exchange and meaningful partnerships. I am committed to weaving a tapestry of connections that transcend geographical and cultural divides.

I stepped into the role this summer and have been working since then with various student unions of University of Szeged; I aim to promote collaboration with students of all faculties, so everyone can see EUGLOH as a common platform to reach out and grow together. We were present in enrolment and central orientation days, where we met a lot of freshmen and talked to them about EUGLOH. Currently, we are occupied in recruitment and the ongoing events alongside. We are going to represent EUGLOH in 'Planet Budapest' this year, and we are really excited about it!

EUGLOH is a vibrant ecosystem where students are the driving force behind positive change. Together, we strive to create a healthier and more equitable world for all.

Absolutely, there is indeed much more to share and explore, I look forward to meeting you all in our next event. STAY TUNED ;)

EUGLOH USZ Student Board - Presidential Board

Besides Florabelle, the main board is composed of 4 students. Let's meet them now! 😊

Gergő Vass - Communications Vice President

I am Gergő Vass, the newly elected Communications Vice President of the EUGLOH Student Board. I'm currently in my third academic year at the Faculty of Economics in the field of Marketing and Commerce. I joined EUGLOH in 2022, as a Social Media Manager Intern, hoping I could help the EUGLOH family reach out to more people and to elevate the quality of the content we share, by bringing my marketing knowledge, photography and multimedia designing skills to the table.

I had previous experiences working for local agencies, however, since I aim to move abroad and work in a foreign country, I thought joining EUGLOH could be a stepping stone for me, to be introduced into an international space, filled with ambitious students of my age.

As the Communications Vice President my objective is to plan, manage and coordinate our communication to the audience both online and offline, before, during and after our events.

This summer I had a mentor prepare me for the upcoming challenges of being a VP, and I spent a lot of time working on myself, studying, and learning new skills to benefit me later in life. I always kept my head high and let my ambitions to lead my way.

Right now we have to think of the future of EUGLOH, by inviting the best candidates to join the Student Board after the Recruitment process, thus I can't wait to meet them in person, get to know them, and grow together both personally and professionally.

I hope to see you during our next events!

What does the Student Board do?

MAIN ACHIEVEMENTS

Enrollment and Orientation Day 2023

Strong EUGLOH Presence! 🥳

EUGLOH made its presence felt during Enrollment Days from September 4th to September 8th and Orientation Days from September 6th to September 8th, right in front of the Rector's Building on Dugonics tér with the help of our EUGLOH student board and with the support of our colleagues from the Communications Team.

We warmly welcomed incoming students with great enthusiasm, introducing them to the essence of our organization. Their response was nothing short of delightful, as they expressed their eagerness to become a part of our courses and events. What truly captured their interest was the remarkable flexibility offered by our alliance.

Our students were thrilled to learn that our courses not only provide valuable knowledge but also grant credits, allowing them to progress in their academic journeys. Furthermore, the promise of international engagement and advancement within EUGLOH left them utterly captivated.

As we embark on this new semester, we extend our best wishes to everyone for a successful and exciting academic journey ahead! ✨

EUGLOH Presentation

Our EUGLOH Student Board President, Florabelle Cabarrubias, recently had the honor of presenting an overview of EUGLOH during the central orientation day to the international freshmen students of USZ. This presentation aimed to enlighten our community about the essence of EUGLOH and its significance in the academic journey of our students.

One of the highlights of the presentation was the exploration of our wide array of courses. EUGLOH takes pride in offering a range of interdisciplinary courses do not only impart knowledge but also promote critical thinking and global perspectives.

The presentation also emphasized the importance of student engagement within the EUGLOH community through the introduction of the EUGLOH Student Board. This is not just an academic alliance; it's a vibrant network of like-minded individuals who come together to learn, grow, and make lasting connections and impact.
