Dr. Eng. Monika Rajkowska-Myśliwiec

Announcement 1

We invite every person interested in subject matter of environmental impact on human development and ageing and also on preserving health, intellectual activity and course of diseases

to access in the

II INTERNATIONAL CONFERENCE 'HUMAN ECOLOGY'

in Szczecin (Poland), 9th – 10th June 2016

in the building of Faculty of Environmental Management and Agriculture of West Pomeranian University of Technology in Szczecin at J. Słowackiego 17 street.

The conference under the auspices of Prof. Dr. Hab. Andrzej Ciechanowicz, Rector of Pomeranian Medical University in Szczecin and Prof. Dr. Hab. Eng. Włodzimierz Kiernożycki, Rector of West Pomeranian University of Technology in Szczecin

This conference is continuation of the Conference 'Human Ecology', held in Łódź in 17th May 2014 under patronage of Faculty of Biology and Environmental Protection of University of Łódź

The main conference topics

- Environmental modifiers of human development
- Contemporary environmental contamination problems and their impact on human and animals' health
- Environmentally induced diseases
- Nutrition and human health
- Interaction man - environment
- Humanistic aspects of ecology

In the first day three sessions planned and in the second day – Session for Young Scientists for students and PhD students presenting the results of their research. The conference will be accompanied by a poster session. There will be contests for the best reports and posters.

The registration fee for students and doctoral students is 100 PLN and for other employees 200 PLN. It includes participation in the conference, conference materials and refreshments during breaks.

Payments should be made to the following account:

02 1090 1492 0000 0000 4903 0242
