

Requirements for the completion of the courses Thesis Plan I. and Thesis Plan II. (5th year)

In order to complete the Thesis Plan courses, you will have to submit a plan/ a work schedule of your thesis by the end of the education period to your supervisor. The exact requirements of course completion are decided by your supervisor. However, below you can find the suggested guidelines for writing the thesis plan/work schedule of your thesis, in order to complete the courses.

Thesis Plan I.

- formulation of your research question and the aim of your research or scientific review;
- research plan;
- list of the bibliography, recommended literature;
- starting the research.

Thesis Plan II.

- completing the research;
- evaluation and statistical analysis of the results;
- writing the first draft of your thesis;
- interpretation of your results based on the bibliography.
