Statement

On resuming my studies in the academic year 2015/2016

Name:

EHA Code:

Date, place of birth:

Mother's name:

Permanent address abroad:

I have learnt about the dental curriculum 9002AK_N_2013, and my attention was drawn to all the differences between the 9002AK_N and the EU-compatible curricula. Differences between the two curricula in the Basic Module regarding compulsory subjects are the following:

1. Compulsory courses in the first semester: *Introduction to Dentistry* – lecture and practice
2. Compulsory courses in the third semester: *Dental Materials and Technology* – lecture and practice; *Dental Biometry and Evaluation of Research Results* – lecture and practice

In case one does not have further courses to take in the fall semester, except those above, it is possible to hand in a request to the Academic Board in order for them to be permitted to be completed in the spring semester.

3. Compulsory courses in the fourth semester: *Bio Materials and Biocompatibility in Dentistry* – lecture; *Preclinical Course of Operative Dentistry* – lecture and practice; *Preclinical Course of Prosthodontics* – lecture and practice.

I understand that the compulsory courses above are to be completed in the Basic Module in order to be able to enter the Pre-clinical Module.

Exceptional permission for tuition fee-paying students to transfer to the new curriculum provided by the Faculty of Dentistry: students will not be required to pay extra fees if they register for the first time for the compulsory subjects above.

Courses completed in the Curriculum 9002AK_N have to be acknowledged by credit transfer, the recognition of the courses completed, however, will occur automatically after handing in the request.

I have been informed about the conditions of continuing my studies.

I hereby declare that after having been provided with the necessary information above, I would like to resume my studies in the EU-compatible 9002AK_N_2013 curriculum (introduced in the first semester of the academic year 2013/2014) from the second semester of the academic year 2015/2016.
