

Information on the health care of students studying in the Foreign Language Programs of the Faculty of Medicine, University of Szeged

General provisions

A general health insurance valid for Hungary is a requirement for registration for each semester at the University of Szeged. The insurance needs to provide full coverage for all eventualities, therefore eg. life or accident insurances are not acceptable.

In the academic year 2018/2019 the Generali Studium Insurance is included in the tuition fee of 1st, 2nd, 3rd and 4th year students (who started their studies in the academic year 2015/2016 or later).

Upper year students can contract the Generali Studium Insurance or they need to submit either an international health insurance or the EHIC card at the Foreign Students' Secretariat.

Types of insurances accepted by the University

• Generali Studium Insurance

The STUDIUM health insurance – valid in Hungary - provides full coverage for the costs of justified medical treatment and 50% of coverage of the costs of medicine and therapeutic aids. **Costs: 34.000 HUF/ semester.**

Note that **there are exclusions and cases of relief** related to the insurance coverage in which cases the Insurance Company does not cover the costs of treatment (eg. medical treatment arising from the consumption of alcohol and drugs; treatment related to the consequences of illnesses existing, known prior to the commencement of the insurance or earlier; health care services related to pregnancy or child birth; psychiatric and psychotherapy treatment; dental treatment).

For details please read the Terms and Conditions of STUDIUM service financing health insurance carefully, which are also displayed on the Notice Board in the Secretariat's premises and the Foreign Students' Secretariat's website:

<http://www.med.u-szeged.hu/fs/current-students/medical-treatment-of>

Costs of medical care received at the University clinics generally do not have to be pre-financed, however if treatment was not justified or falls into the exclusions, the student has to pay for the costs of treatment on spot. In case treatment was justified and the clinic required immediate payment, the costs will be reimbursed by the Insurance Company. Costs of medicine will be reimbursed regularly during the insurance period by the Insurance Company by bank transfer. All invoices (treatment and medication) have to be submitted at the Foreign Students' Secretariat.

For details on how to obtain the insurance, please check the Foreign Students' Secretariat's website: <http://www.med.u-szeged.hu/fs/current-students/medical-treatment-of>

• International Health Insurance

International health insurances are only acceptable if they offer full coverage in Hungary. The insurance is usually contracted in the student's home country.

The costs of medical treatments have to be paid by the student. Refund of the costs is to be claimed retrospectively from the student's insurance company.

• European Health Insurance Card (EHIC)

According to the European Union law, citizens from EEA countries are subjects of free medical care (or at reduced cost) in emergency cases or if treatment becomes necessary during their visit abroad (for example, due to illness or an accident), provided they have a valid European Health Insurance Card (EHIC) at hand from an EEA member home country.

The EHIC can only be used in the framework of public health care provision. Medical treatment is only offered by surgeries contracted with the Országos Egészségbiztosítási Pénztár (OEP).

Primary care

Students have to turn to the designated health care provider, or in case not a GP but a specialist needs to be consulted urgently, they can turn directly to the clinic concerned (a referral from a GP is not necessarily needed).

1. For students holding a Studium insurance or international health insurance

Address:

I. sz. Rendelőintézet (SZTK)

6722 Szeged, Tisza Lajos krt. 97. elevated ground floor, room 21-22

(corner of Tisza Lajos krt. & Szentháromság u.)

Physician in charge: Dr. Krisztina Pál

Registration in advance is obligatory. You can make an appointment through the same MODULO interface. The link is:

[https://modulo.etr.u-](https://modulo.etr.u-szeged.hu/Modulo2/default/en/login?requested=%2fModulo2%2fdefault%2fen%2fforms%2fdetails%2f1623242)

[szeged.hu/Modulo2/default/en/login?requested=%2fModulo2%2fdefault%2fen%2fforms%2fdetails%2f1623242](https://modulo.etr.u-szeged.hu/Modulo2/default/en/login?requested=%2fModulo2%2fdefault%2fen%2fforms%2fdetails%2f1623242)

You have to reserve your time-slot first choosing a suitable one from the available appointments, then in the next step you will be able to print your reservation number. (Making a note of this number is also acceptable, but please keep in mind that you are required to present this number at the doctor's office.)

The GP is not able to provide care to students not registering in advance through Modulo.

You have to present your insurance card and student card as well. The consultation is available only in English.

Regular GP Reception hours:

Monday 09:00 – 12:00

Tuesday 09:00 – 12:00

Wednesday 14:00 – 17:00

Thursday 09:00 – 12:00

Friday 09:00 – 12:00

In cases of urgency you can consult a GP via phone outside the regular reception hours:

- On weekdays between 8:00 – 16:00: **+36 70 439-9280 (GP, Dr. Krisztina Pál)**
- On weekdays between 19:00 to 7:00 and at weekends, bank holidays: **+36 70 439-9278, +36 70 439-9279**

You will get useful advices how to resolve problems at home. If a specialist or a physical examination is needed, you will be asked to visit secondary care units. In these situations the physicians will inform the staff of special departments.

2. For students holding a European Health Insurance Card

Primary care is provided by the general practitioner designated to the district of residence.

In case of urgency, students holding a EHIC card can also turn to the University Doctor (Dr. Krisztina Pál).

However, students holding a EHIC card need to pay a fee of 6 000 HUF / consultation for the medical treatment received there.

See the contact details of the designated University Doctor in point 1.

Secondary care

Secondary care of **all students** (regardless of the type of insurance) is provided at the clinics of the Albert Szent-Györgyi Clinical Center*. Students can turn directly to the clinic concerned; a referral from a GP is not necessarily needed.

In each case students need to contact the central reception first (BETEGFELVÉTEL).
