

## New Albert Szent-Györgyi Medical School Financial Support Program

**Excellence Pays Off: Earn up to 40% off your tuition with the new Albert Szent-Györgyi scholarship system designed for motivated, high-achieving students**

At the **Albert Szent-Györgyi Medical School**, excellence is rewarded. We are delighted to introduce our **enhanced tuition support program for international students**, designed to appreciate outstanding academic performance and inspire students to aim even higher.

Building on our successful Financial Support Program, the renewed system takes performance-based rewards to the next level by offering **substantial tuition reductions** for dedicated students in our English and German language medical programs.

### **Achieve More. Earn More.**

Your hard work can now translate directly into significant financial benefits:

- **Silver Level:** €1,185 tuition reduction per semester  
Support Program Average: 4.50 – 4.74
- **Gold Level:** €1,975 tuition reduction per semester  
Support Program Average: 4.75 – 4.99
- **Platinum Level:** €3,160 tuition reduction per semester  
Support Program Average: 5.00

*Please note that all tuition reductions combined cannot exceed 50% of the tuition fee.*

### **Who Can Benefit?**

Starting from the 2026/2027 academic year this opportunity is open to **high-achieving 2<sup>nd</sup> to 5<sup>th</sup> year students** who:

- Began their studies at the Albert Szent-Györgyi Medical School from year one.
- Successfully completed all compulsory subjects at the School.
- Progressed continuously according to the curriculum.
- Did not take examination courses in the semester in question.
- Maintain a strong academic and ethical standing, with no record of disciplinary action.

### **Support period**

- The scholarship is awarded for one academic semester.
- Students have the opportunity to reapply each semester, allowing consistent high performance to be continuously rewarded.

The official announcement along with information as to how you can apply will be available in May, 2026 on [this page](#).
