.....

I have faithfully and accurately cited all my sources, including books, journals, handouts and unpublished manuscripts, as well as any other media, such as the Internet, letters or significant personal communication.

I understand that

- literal citing without using quotation marks and marking the references
- citing the contents of a work without marking references or
- using the thoughts of somebody else whose work was published as our own thoughts

are counted as plagiarism.

I declare that I understood the concept of plagiarism and I acknowledge that my thesis will be rejected in case of plagiarism.

Furthermore, I declare that I have / have not used (please underline which is appropriate) generative artificial intelligence tools when preparing my thesis.

I declare that I have used the following generative artificial intelligence tools exclusively for research related to the topic of my thesis and that my thesis in its final form is entirely my own work.

Generative artificial intelligence tools used when writing the thesis:

Generative AI tool used	Section and/or page number where it was used	What it was used for
<i>e.g.: Perplexity AI</i>	<i>e.g.: page 25, paragraph 3</i>	<i>e.g.: help summarize the result of the search</i>
